bringing together african and international scholars this book gives an account of the present state of the discipline of political science in africa generating insights into its present and future trajectories and assessing the freedom with which it is practiced tackling subjects including the decolonization of the discipline political scientists as public intellectuals and the teaching of political science this diverse

range of perspectives paints a detailed picture of the impact and relevance of the political science discipline on the continent during the struggles for democratization and the influence it continues to exert today

in this book stan ilo offers an integral theology of development and creatively lays the groundwork for christian humanitarian and social ministry in africa ilo proposes a vulnerable missional praxis through a social analysis informed by the gospel which promises to enrich the ways catholic and christian charities worldwide carry out their humanitarian work and engage in aid and development initiatives in developing countries of africa and among the poor in different parts of the world ilo offers a comprehensive and systematic presentation of catholic social ethics in relation to human rights ecology globalization international cooperation development and aid human and cultural development business ethics social justice and the challenges of poverty eradication

this book explores quality assessment and enhancement in higher education in africa to illustrate the need to develop quality practices in measuring effective education and continually search for permanent improvement the book demonstrates that technological and socio economic trends innovations and inventions of the twenty first century demand that additional attention be placed upon education for national regional and international development since conventions for quality assessment and enhancement need to be defined and systematic structures constructed to develop quality practices the book shows how quality in higher education within africa has been established and advanced to provide a framework for monitoring auditing and reviewing assessment and enhancement though the book considers african complexities and diversity it incorporates global trends and utilises an international focus that enables readers to devise appropriate strategies for developing and enhancing quality and standards in higher education in both continental africa and beyond illustrating why quality assessment and enhancement should be embraced in all aspects including inputs processes outputs and outcomes in educational settings globally this book will be of interest to policymakers and scholars in the fields of higher education quality and global studies african education african studies and management and administration leadership and professional development studies

the handbook of african defence and armed forces provides the first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of african states and their armed forces geographically these aspects are investigated at the national sub regional and regional levels chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called new scramble for africa which has seen a crescendo of renewed great power interest in the continent s resources as well as its strategic role location and relevance since the 2000s the book takes a bottom up and african centric

approach and is organized around five key themes i the differing security outlooks and defence policies of african powers within the region and the different sub regions ii the strategies doctrines transformation and employment of african armed forces iii the relationship between african armed forces with sub regional regional and international organizations iv the challenges that african states and their armed forces have been facing and their strategic responses and v the position of african perspectives and agency in the context of continental and international security and defence understanding african security and defence especially in terms of each individual nation s ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turns sheds light on sub regional and regional divergences challenges and cooperation based on this framework the chapters in this volume offer comprehensive african perspectives on african and international security and defence and in doing so show the agency of the continent s countries and armed forces in international security and relations

for millions of africans growth is yet to translate into jobs and better living conditions africa s largely commodity driven growth has not been matched by the much needed structural change that can lead to economic transformation employment and reduced poverty market failures necessitate industrial policy interventions yet in the absence of the right processes and institutions good industrial policies will fail indeed weak institutions and poor policy design have hindered industrial policy this report gives a framework for getting the policy process right to foster industrialization it uses 11 country case studies to assess the critical ingredients for spurring industrialization innovative institutions effective processes and flexible mechanisms and structural transformation

it provided technical and financial support to economic research centres in sub sahara africa ssa so that they can undertake policy relevant research with the goal of influencing economic policy making in january 2005 the secretariat organized an international conference in dakar senegal during which participants from key economic think tanks presented their experiences in the policy development process in africa of particular interest was the role of economic research and economic researchers in policy making the authors examine the extent to which economic policies that are formulated in the sub continent draw from research based on local realities and undertaken by local researchers and research networks in africa

this year s african economic outlook reviews recent economic social and political developments and the short term likely evolution of africa the focus is on africa s emerging economic partnerships

blyden was president of liberia college in monrovia liberia he outlines the reasons for african colonization by american blacks founding and purpose of the american colonization society creation of the colony of liberia and the current state of the

colony its geographic extent commerce and liberia college blyden appeals for more african american colonizers
