four young men with bright futures ignoring all logic choose to postpone the pursuit of advanced degrees and corporate jobs to discover what it means to truly live through first person accounts of their yearlong expedition around the globe they share their exciting tales from near death escapes to race riots despite the thrill of the journey these four men tell readers that their real adventure is in learning what it means to live completely for christ

a revised and expanded comprehensive guide to the novels of native american author louise erdrich from love medicine to the painted drum includes chronologies genealogical charts complete dictionary of characters map and geographical details about settings and a glossary of all the ojibwe words and phrases used in the novels provided by publisher

a leading american aikido teacher shows how this 20th century martial art developed from the ancient spiritual traditions of japan not as a fighting method but rather as a means of becoming one with the laws of universal order

nationhood and improvised belief in american fiction highlights the ways religious belief and practice intersect with questions of national belonging in the work of major contemporary writers through readings of novels by louise erdrich toni morrison cristina garcía and others this book argues that the representations of syncretic culturally hybrid and improvised forms of religious practice operate in these novels as critiques of exclusionary constructions of national identity providing models for alternate ways of belonging based on shared religious beliefs and practices rather than treating the religious history of the u s as one of increasing secularization this book instead calls for greater attention to the diversity of religious experience in the u s as well as a deeper understanding of the ways in which these experiences can inform relationships to the national community

as an interpreter of japan to the west lafcadio hearn was without parallel in his time his numerous books about that country were read with a fascination that was a tribute to his keen powers of observation and the vividness of his descriptions today even though japan has changed greatly from what it was when he wrote about it his writing is still valid for it captures the essence of the country an essence that has actually changed a good deal less than outward appearances might suggest in a word the japanese character and the japanese tradition are still fundamentally the same as hearn described

tylor s ideology is best described in his most famous work the two volume primitive culture the first volume the origins of culture deals with various aspects of ethnography including social evolution linguistics and myth the second volume titled religion in primitive culture deals mainly with his interpretation of animism on the first page of primitive culture taylor provides an all inclusive definition which is one of his most widely recognized contributions to anthropology culture or civilization taken in its broad ethnographic sense is that complex whole which includes knowledge belief art morals law custom and any other capabilities and habits acquired by man as a member of society primitive culture remained the pinnacle of taylor s career important not only for its thorough study of human civilization and contributions to the emergent field of anthropology but also for its undeniable influence on a handful of young scholars

volumes 7 77 80 83 include 13th 83rd 86th 89th annual report of the american baptist missionary union
